St. Barts

Come hungry to **St. Barts** this November, when the island hosts its eighth annual **Gourmet Festival** from November 10-14. A collection of 11 French chefs with Michelin-starred restaurants will cook and host a series of exclusive dinners, as well as wine-tastings and amateur cooking competitions. Another huge reason to visit the Caribbean island is the eternally chic **Eden Roc** hotel, which continues to be a favorite among our readers and editors. Fresh off a 2020 renovation, the property boasts suites with private plunge pools, views of the impossibly blue ocean, and some of the most spacious bathrooms you've ever seen. Just one night here will make you feel like the most glam, sun-kissed version of yourself.
